

SEEN, HEARD
AND TOLDBy W. W. WHITAKER
When he feels like it.

Editor Whitaker's condition seems to be about the same, from day to day.

Pictured to the right is the home of McQuay, Inc., located South of Grenada on Highway 51.

Seeing as how this issue is almost nothing but "McQuay", we are dedicating the balance of this column to telling some interesting facts about McQuay, Inc. They follow:—

Interesting Facts About McQuay, Inc.

McQuay, a Minnesota corporation, was incorporated in 1932 as successor to the McQuay Radiator Corporation. The name McQuay has been associated with the manufacture of heat transfer equipment since 1924 when operations first started in Minneapolis.

Experience in the manufacture of automobile radiators led the company into the heating business, and they were one of the pioneers of unit heaters and convector radiators.

The next step forward was associated with the manufacture of steam and water coils for heating purposes. The growth of commercial refrigeration created a new demand for cooling coils which resulted in McQuay entering into the manufacture of cold water coils and direct expansion coils.

As production of these heat transfer products proceeded, the McQuay Engineering Department designed and developed unitary equipment to satisfy the needs of this new market. It was therefore natural that McQuay should play an important part in the growth of the air conditioning industry because air conditioning relates to both heating and cooling and McQuay was experienced in both of these fields of endeavor.

McQuay heating and air conditioning products are sold to mechanical contractors throughout the country by seventy-three franchised sales offices. Sales engineers working out of these offices contact architects, engineers, mechanical contractors, and industrial users.

McQuay commercial refrigeration products are distributed by seventeen sales representatives through recognized refrigeration wholesalers.

McQuay evaporators and condensers are sold by factory sales engineers to refrigeration product and air conditioning product manufacturers, and it is interesting to note that McQuay played a prominent part in the development of window air conditioning units and residential central station air conditioning.

In 1949 McQuay decided to open a new plant in Faribault, Minnesota, because the two plants in Minneapolis could not take care of the demand for McQuay products. In this plant McQuay began producing several new lines of products, including an automatic machine which is marketed by American Automatic Ice Machine Company, a wholly owned McQuay subsidiary.

In 1952, it was apparent to the directors of McQuay that further expansion would be necessary, therefore a firm of industrial engineers was employed to make a thorough national survey and determine the most suitable location for future expansion. Their survey clearly favored a southern location for various reasons such as the southern market demand for McQuay products, availability of raw materials, good transportation facilities, and ample reserve of labor.

The consulting engineers then made ten location recommendations each of which was visited by Mr. Roy J. Resch, President of McQuay, and members of his staff. Mr. Resch was interested in selecting a community that needed and desired an industry of this type and one which could offer the facilities and amenities required to assure the satisfactory operation of new plant. The State of Mississippi, with their BAWI program, and Grenada with its forward spirit fulfilled the needs of McQuay's expansion program.

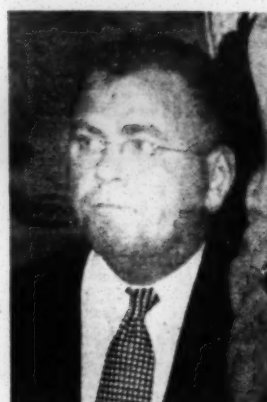

In July 1954, a \$1,075,000 BAWI bond issue was voted on and overwhelmingly approved. In the fall of 1954 McQuay opened a Pilot Plant in Grenada for the purpose of training a nucleus production organization, and Mr. Kenneth R. Lundberg, general manager of the Grenada Plant, has expressed his company's complete satisfaction in respect to the type of men employed, their desire to learn, their good productivity, and

WELCOME TO GRENADA - McQUAY, INC. - FORMAL DEDICATION IS MONDAY OCT. 3

Pictured above is the Industrial Committee of the Grenada County Chamber of Commerce. This committee is composed of (from left to right) Attorney W. H. Fedric, chairman; J. H. Oliver, Juel Batson, L. D. Boone, Sr. and Donald Ross. This committee has always ably represented Grenada to prospective industrialists, and although they do not take full credit for bringing McQuay, Inc. to Grenada, they certainly went all out to impress the northern industrialists that Grenada welcomed them, wanted them to come here, and would cooperate with them in every way.

If McQuay, Inc. decided to cast their lot with us here in Grenada. The committee, with the exception of Mr. Batson, went to Minneapolis last year to see if McQuay, Inc. would consider Grenada as a plant site. This committee was accompanied by L. O. Bradshaw, head of Industrial Development Division of Mississippi Power and Light Company of Jackson, who is a specialist, to advise with them and to answer technical questions that McQuay needed a direct answer to.

A meeting of the Board of Directors of McQuay, Inc. was held in the general offices in Minneapolis, and the committee from Grenada Messrs. Fedric, Boone, Ross and Oliver and Mr. Bradshaw of Jackson were in conference with them from 9 a. m. to 2 p. m., which was within an hour of their planes departure.

Later the McQuay people came to Grenada, were entertained and went about the town sight seeing. After a good bit of study and consideration, they definitely decided to come here. Grenada County, through its Board of Supervisors, ordered a bond issue election in Beat One and it carried heavily in favor of the \$1,075,000 bond issue. Early this year, in February, the contract was awarded to G. E. Bass Construction Co. of Jackson, Miss. Land was purchased from Mrs. Phil Poovey, and foundation work started. This property is located between Highway 51 and the I. C. R. R., about 3 miles south of town.

We were informed that 300 people will be employed on a shift. When orders come in and business stabilizes, they hope to employ 600 - or more for two shifts.

Proven McQuay products include the manufacture of Cooling Towers, Evaporative Condensers, Heating and Ventilating units, Horizontal Unit Heaters, Down Flow Unit Heaters, Blower Unit Heaters, Seasonmaster Central Station Air Conditioners, Seasonmaker Room Conditioners, R. H. (Deluxe Cabinet) Air Conditioners, Direct Expansion Coils, Standard Water Cooling Coils, Cleanable Water Cooling Coils, Water Heating Coils, Standard Steam (Blast) Coils, Jet-Tube (Double Tube) Steam Coils and Icy-Flo Accumulators.

Their slogan is "Make The Seasons Come To You." Mr. Kenneth Lundberg is the manager of the McQuay plant at Grenada. Miss Faye Griffith spent the past weekend at Sanatorium with Miss Elizabeth Jones. Another visitors of Miss Jones last week was her cousin Miss Elizabeth Thomas of Princeton, N. J., formerly of Grenada.

Mrs. J. H. Oliver is a patient in Baptist Hospital, Jackson. Miss. Mr. Oliver has been at her bedside most of this week. Mrs. Winnie Saunders spent part of last week in Jackson attending to business.

McQuay, Inc. Visitors To
Arrive Sunday

Grenada County is really rolling out the welcome mat to McQuay, Inc. and its host of visiting dignitaries.

On Sunday two Pullman cars, filled with visitors from Minneapolis, will arrive here at 10:35 on the train best known to Grenadians as "Old No. 3".

By special request from the visitors, cars from all of the churches of Grenada will meet the train in order that the visitors may attend the 11 o'clock services.

On Sunday evening the McQuay visitors will be the dinner guests of Board of Directors of Grenada County Chamber of Commerce.

The barbecue dinner will be served at the FFA Hut at Grenada Lake, with Tommie Darras, Caterer. Seventy five will attend.

On Saturday evening the present employees of the Grenada plant will be guests of McQuay at a Pre View party, staged in the new plant. A barbecue supper will be served.

At the open house refreshment booth Monday at the factory where light refreshments will be served, Tommie Darras will again be on hand to supervise the food.

Grenadian's Mother Dies In
Greenwood Hospital

Mrs. Mary Jane Coggin Catoe of Webb, Miss., mother of Mrs. J. P. Perry Jr. of Grenada died at the Leflore County Hospital in Greenwood Tuesday, September 27, 1955 at 6 p. m. following a long illness.

Funeral services were conducted from the Webb Methodist Church Thursday afternoon at 2 o'clock. Interment in the family plot in Woodlawn Memorial Park in Grenada. Rev. A. W. Bailey of Rosedale officiated. Garner Brothers Funeral Home was in charge of arrangements. Other survivors are a daughter, Mrs. Clifford Emdand of Birmingham, Ala., and a son, E. V. Catoe, Jr. of Webb. Five grandchildren and 2 great-grandchildren.

Notice!

Important meeting of Citizens Council at City Hall in Grenada on October 4 at 8 p. m.

Speaker Robert Patterson of Winona, Secretary of Citizens Council of Mississippi.

C. of C. President To Make
Welcome Address

Monroe Looney, pictured above is Grenada County Chamber of Commerce President and he will make the welcome address at McQuay's formal opening Monday Oct. 3.

Three Cars Involved In Wreck
Friday Near Elliott

On Friday, Sept. 23, J. K. Jim McClain, Duck Hill undertaker was seriously injured in a collision on Highway 51 South, near or in front of the Truck Stop, across from Camp McCain.

According to reports, Mr. McClain was traveling south when he was forced to stop suddenly to avoid hitting a pick-up truck which pulled out into his lane of traffic, swerving into the lane for north bound traffic. At this instance his car struck a Cadillac occupied by Mr. and Mrs. T. N. Hartsfield of Prichard, Ala.

Mr. McClain, who is a large man, was reportedly thrown out through the rear window of his car. The impact was terrific and his car completely demolished.

He sustained a broken right arm broken bones in left hand and concussion. He shows some improvement but is still considered not out of danger.

Mr. and Mrs. Hartsfield and Mr. McClain were taken to Grenada Hospital for treatment.

Former C. of C. President
Welcomes McQuay

Mr. John Brewer, who was President of Grenada County Chamber of Commerce when McQuay, Inc. was asked to come to Grenada, has these words of cordial welcome:

"It is like a long time ago when we came to Grenada and we have many memories of our time here. We have many friends here and our businesses. We know this is just the beginning of many fine things to come."

Now we say:
GROW WITH GRENADA!
J. M. Brewer.

POSTED NOTICE

All my land located in Beat 5 is hereby posted against hunting, fishing and all forms of trespass.
Mrs. A. G. Williams 9-29-1955

CARD OF THANKS

With grateful and humble hearts we, the children of Mrs. J. M. Grantham, wish to express our thanks to the doctors, nurses and friends for the many kindnesses during our mother's recent illness, and for their kind expressions of sympathy at her death.

Rev. J. O. Grantham, Mrs. Colin Campbell, Mrs. Bob Lancaster, Mrs. J. L. Woods.

The Hartsfield's condition was reported as satisfactory at the hospital.

Mr. and Mrs. N. P. Shappley Jr. and son attended the Mid-South Fair in Memphis Saturday and were over night guests of Col. and Mrs. A. J. Watson.

A-3c Jamie C. Trusty, Chanute Field, Ill. is visiting in the home of

his parents Mr. and Mrs. E. L. Trusty, Sr. He will report at Chanute on October 9th.

Betty Ann Dyre Crowned Forest Queen

Betty Ann Dyre, 17 year old daughter of Mr. and Mrs. Arnold Dyre was crowned Forest Queen of Grenada County for 1956 at the City Hall in Grenada September 20th. The brunette queen will enter the district contest to be held in Booneville on September 30th.

She will be accompanied to Booneville by her mother and Patricia, her sister.

Additional entries in Grenada County of the Forest contest from this community were: Mary Ethel Hardwick, Marjorie James, Mary James and Christine Bowen.

Mrs. Paul McElroy of Grenada is visiting Mr. and Mrs. E. L. Trusty, Sr. during the absence of her husband who is teaching in the Highway Patrol School in Jackson.

Mrs. Maggie Chamberlain, Mrs. Roy Chamberlain, Mr. and Mrs. T. P. Haile, Mr. and Mrs. Paxton Hiles, David Haile and W. B. Rook attended funeral services for Mr. Wallace McCormick of Grenada, held in Central Baptist Church September 20.

Mr. and Mrs. Bill Walton, Raymond and Elsie Clanton, Grenada, spent the weekend with Mr. and Mrs. E. C. Clanton.

New Officers Named

Newly elected officers in Providence WMU are: Mrs. J. A. McCain, President; Mrs. Arnold Dyre, Vice President; Mrs. Talford Worsham, Secretary - Treasurer; Mrs. Junior Worsham, Mission Study leader.

At a recent meeting the group completed a study of "The Guide to Community Missions", led by Mrs. Arnold Dyre. Next meeting will be held in the church on the night of October 10th.

October PTA Meeting

Gore Springs PTA will be held on Oct. 3rd in the school cafeteria. The regular covered dish supper served at 7 o'clock, will precede the business session and program.

In observance of United Nations Month, a film will be shown by Mr. and Mrs. John Griffiths Hardy of Gre

nada, made during a recent tour of Europe. The finance committee will give a report.

Many new members are expected to join the PTA at this meeting.

On Friday, FFA members, accompanied by Earl C. Cantrell, advisor and voc. agri. instructor and M. E. Phillips attended Miss.-Ark. FFA and FHA Day at Mid-South Fair in Memphis.

Organizations Well Attended At Providence Church Sept. 26

Forty one people attended four meetings conducted at Pleasant Grove Church Monday afternoon. WMU members were Mesdames Billy Shaw, Frank James, Charles Trussell, Earl

Cantrell, Henry James Sr., H. V. Phillips, Russell McWhorter, James Shaw, Sidney Vaughn, Bob Stroud, Tom Gillon, Mrs. Earl Gillon, G. A. Counselor reported 11 present and Earl L. Cantrell, G. A. Counselor met with 7 boys.

Mrs. Gwin Middleton, Sunbeam leader, reported the following present: Ruby Shaw, Michael James, Michael Bailey, Michael Vaughn, Nita Trussell, Betty Middleton, Nancy Gillon, Sandra Stroud, Bobby Stroud, Benny Shaw, Ken Shaw, Martha Gillon, Barbara Gillon, Peggy Hood Gillon, and four Sunbeam babies: Gloria Stroud, Tommy Gillon, Jimmy Shaw, John Earl Cantrell.

WMU officers for the new year are: Mrs. Billy Shaw, president; Mrs.

Earl Cantrell, vice president; Mrs. J. B. Bailey, secretary; Mrs. Charles Trussell, Mission Study leader.

Mr. and Mrs. H. I. James Sr. and Mr. and Mrs. Jimmie James were weekend guests of Mr. and Mrs. H. I. James Jr. and family in Memphis. They attended the Mid-South Fair Saturday.

Mrs. Russell McWhorter has returned from a visit with Mr. and Mrs. Webb Ray and family at St. Marys, Ga.

Mr. and Mrs. C. O. Ligon spent Monday in Jack.

IRIS CLUB MEETS

The home of Mrs. J. D. Quinn was beautifully decorated with garden flowers Thursday afternoon when she was hostess to the Iris Club at the regular monthly meeting. Eighteen members were present.

In the absence of the president, Mrs. Irvin Johnson, the vice president, Mrs. R. L. Vandiver presided. The club accepted with regret the

resignation of Mrs. John House, who is moving from the city, and welcomed Mrs. G. C. Miller as a new member.

It was announced that the remaining iris from the club's lovely garden on Main Street are now on sale at Mrs. Quinn's home.

After a short business session, Mrs. Sel Jones, program chairman, presented Mrs. T. B. Revell Jr. who

gave an interesting paper "The Iris, an Ideal Hardy Perennial", by Robert Swan Sturdivant, a landscape architect of Nashville, Tenn.

During the social hour which followed, refreshments of sherbet and angel cake were served by the hostesses.

Meesters Harold Biddy and Marshall Perry attended the Tri-State (La., Miss., - Tenn.) annual convention of Kiwanis clubs in Jackson on Monday and Tuesday as representatives of the local club.

Miss Robbie Doak joined her sister Mrs. J. P. Fisher at Jonestown Wednesday and from there they will go to Devon, Pa. to visit their nephew, Whitfield King.

FOURTH BIRTHDAY

Anita Taylor Roane celebrated her 4th birthday at a party at her home Monday, September 26.

As the guests arrived bringing daintily wrapped gifts, they were presented balloon and cap favors, and given candy and gum.

After games were enjoyed a lovely birthday cake was served with cold drinks.

Guests present were: Johnnie Cox, James Walter Harrison, Dianne Liles, Wanda Roark, Billy Ross, Jerry Lou James, Nancy Ann and Lynn Rose, and Bonnie Anthony. Several children invited were unable to attend.

Miss Adele Hoffa has returned home from an extended visit with relatives in Berwyn, Ill.

MRS. W. J. JENNINGS

HONORED AT LUNCHEON

On Friday, September 23 Mrs. W. J. Jennings was honored on her birthday at a luncheon at the Monte Cristo by two of her daughters, Mrs. Donald Ross Sr. and Mrs. Raphael Semmes Sr.

For this event, the gracious honoree, received her "long time" friends attired in an attractive black chiffon print which featured rhinestone trim. She wore a beautiful orchid corsage, a gift from her grand daughter, Olive, who is Mrs. R. R. Lawton of Los Angeles.

The white draped table was centered by a large arrangement of Guernsey lilies interspersed with

white blossoms and ferns. Silver candleabra held lighted white tapers. Hand painted place cards held the maiden names of the guests:

Mrs. Jennings (Olive Smith); Mrs. Blanton Duncan (Lizzie Townes); Mrs. John Scott (Mary Lipscomb); Mrs. A. L. O'Brian (Lucy Jennings); Mrs. McCracken (Virginia Laycock); Mrs. Butler (Emma Benson); Mrs. Ed Underwood (Lula Brown); Mrs. Hal Calhoun (Estes Bridges); Mrs. R. B. Townes (Mollie Winter); Mrs. Robbie Doak (Willie Smith); Adele Hoffa, Bird Sharp and Mary Carothers.

The two hostesses, Mrs. Ross was Allie Jennings and Mrs. Semmes was Katharine Jennings.

During the late afternoon and evening, numerous younger friends visited Mrs. Jennings to wish her a happy birthday.

Mr. and Mrs. H. L. Honeycutt and Mr. Charles Ferrill left Sunday for Washington D. C. to attend a Coca-Cola convention.

Mr. and Mrs. B. J. Anderson, Sr. returned Monday from a delightful motor trip through Georgia and S. Carolina where they visited Mr. Anderson's sisters and through the N. Carolina mountains.

Mrs. Margaret Noel has returned home after spending the summer in Des Plaines, Ill. in the home of her nephew.

GREAT GRAND-DAUGHTER'S ARRIVAL ANNOUNCED

Mrs. W. D. Singleton of Holcomb announces the arrival of her first great grand daughter, named Patricia Louise, born September 26 to Mr. and Mrs. Jerry Johnson of Memphis.

Mrs. Singleton went to Memphis Wednesday to welcome the baby and is the guest of her children, Mr. and Mrs. Roy Greaver.

Mrs. John Brewer and brothers, Messrs Richard and Robert Carver, also Mrs. Rufus Varner, who resides in Memphis, were with their father, Mr. Groce Carver at Methodist Hospital in Memphis Monday when he underwent major surgery. Mr. Carver's many friends are hopeful of his early recovery.

NOTICE TO CRAWLER TRACTOR DEALERS

Sealed bids are hereby invited by the Board of Mayor and Councilmen of the City of Grenada, Mississippi, for sale to said city of one crawler tractor, Model International TD-9, or Allis Chambers HD-5 G or Caterpillar D-4. Said tractor to be standard equipped and equipped with shovel or clam bucket shovel of 1 to 1 1/2 cubic yard capacity. Price to be FOB Grenada, Mississippi.

Bids should list prices for the following extra equipment: Front End Loader, Bulldozer attachment.

Said bids to be sealed and marked "Bid on Crawler Tractor" and turned in to the City Clerk in the City Hall of said City by 7:30 p. m., October 10th 1966, at which time and place same will be publicly opened.

The Board reserves the right to reject any or all bids. This the 14th day of September, 1966.

**Grenada Hospital Spearheads
Blue Cross—Blue Shield
Enrollment**

October is designated as a special Blue Cross—Blue Shield enrollment month according to Mr. Harold Rotler, Business Manager of the Grenada Hospital. This enrollment emphasis will be directed towards making Blue Cross prepaid health services available to more individuals who are not eligible for group enrollment. "For many reasons there is more interest in prepaid hospital care," says Mr. Rotler, "and everyday someone asks us about joining the Blue Cross—Blue Shield Plan. In order for everyone to have this opportunity, we have declared October as Blue Cross—Blue Shield Enrollment Month."

Blue Cross—Blue Shield is the hospital's own chosen Plan. Through past enrollments, sponsored by the hospital, many people have obtained this service which has resulted in savings of many hundreds of dollars when hospital care was needed.

Information on how to join may be obtained elsewhere in this paper or you are invited to call or come by the Grenada Hospital for further information.

**Southern Bell Is Indeed A
BIG Business**

Like to feel the economic pulse-beat of the South? Then pick up your telephone and take a look - or a listen - at what's going on and what's contemplated telephone-wise for Dixie.

Against a background of continued heavy telephone service demands, the Southern Belle Telephone and Telegraph Company expects to spend approximately \$240 million in 1935 for new facilities of all kinds. More than half of them have already been installed. The remainder will be put in between now and the first of the year.

It will be the biggest year's service improvement and construction pro-

gram in the company's history, comparing with \$188 million in 1934. President Fred J. Turner revealed in Atlanta. "Telephone service demand throughout the South is continuing so heavy at present and looks so big on into the future that we expect to invest more than \$250 million for new equipment in the nine states in 1936."

That's nearly \$50 million that this one Southern firm expects to invest in the South in just two years in new buildings, cables and wire, switching apparatus and all the other facilities that go into telephone service. It no doubt will be the greatest investment of any company in the region for the period. It comes on top of record investments already made in the South in the past nine years by Southern Bell, which serves large portions of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee.

Nearly 4 3-4 Million Telephones Now

Around three-fourths of the construction will be for the purpose of providing telephones to fill pending and anticipated orders and to provide higher grades of service to party line customers, Mr. Turner disclosed. Southern Bell customers now use nearly 4 3-4 million telephones. The number has doubled in eight years since mid-1947.

On an average day now, Southern Bell customers make about 31 million calls. Telephone officials expect the number of Southern Bell Telephones in use to pass the five million, mark in the summer of 1936. Then there'll be five in use for every one in use back in 1929 when the first million was reached.

Mr. Turner cited three big factors responsible for particularly heavy telephone demands in the South: 1. Increased individual and total income resulting from commercial, industrial and agricultural expansion of the area; 2. Increased number of families and households created by population growth, marriages and other factors; 3. The "telephone convenience quotient," which he described as "that quality of telephone service that meets the increasing desires of the public for an instrumentality that saves time and adds convenience when they want to get something done."

Looking beyond 1935, Mr. Turner said "The development that continues in the South is especially exciting to see from the vantage point of a company operating over the entire South. We expect development in the South's economy to continue.

So far, the development has been so rapid that we have not been able to meet all requirements of our customers immediately upon receiving their orders. The first objective of our extensive 1935 and 1936 construction program is to eliminate the waits and to provide service to meet the public's needs on a current basis, even though the demands continue phenomenal.

Large Capital Must Be Raised

"Of course such a program brings the need for large sums of money. For the most part, they will be new capital funds invested in the future of the South in the confidence that our region's vigorous growth will continue to play a vital role in that growth and that the business will be able to realize adequate earnings in order to keep financially sound and continue contributing to the region's progress." Funds for telephone construction do not come out of monthly revenue from customers but "must be raised from investors willing to put their money in the telephone business," Mr. Turner pointed out.

In Mississippi, where Southern Bell has increased the number of telephones in use from 115,876 ten years ago to 285,745 today, General Manager H. G. Turner said \$13,200,000 in new facilities will be provided in 1935 and about \$15,620,000 are now contemplated for 1936.

Mr. Turner said the new equipment to be provided will augment "Tremendous telephone growth that has already taken place over the state." The new construction will take place in the cities and towns and the rural countryside as well, he said.

New Telephone Convenience

The extent and variety of telephone services today are an impressive

companion to the big increase taking place and planned in number of telephone subscribers. New and more flexible telephone services are finding their way from the laboratories to homes and offices. Mobile telephone service for cars and trucks, outdoor devices, telephones for use while your hands are free, dials that light up, telephones for the kitchen where the housewife spends so much

time, streamlined colored sets and many other items have been tailored to fit in with the concept of a new high "telephone quotient."

Not only do you find Southerners with far more telephones today, you find them able to use the new flexibility of the telephone in more ways. And if Southern Bell's coming activities are an indication, the end isn't yet in sight.

MRS. CHAMBERLAIN TO HEAD ROOM MOTHERS

Mrs. W. H. Fedric, president of PTA announces the appointment of Mrs. Lamar Chamberlain as chairman of room mothers for the 1955-56 school session. Mrs. Chamberlain has enlisted the following chairmen: 1st grade, Mrs. E. E. Brister; 2nd grade, Mrs. Byron Hunter; 3rd grade, Mrs. Paul Fedric; 4th grade, Mrs. R. D. Woodridge; 5th, Mrs. A. F. Bailey; 6th, Mrs. Hugh Stanfill; 7th, Mrs. Bob Cronerley; 8th, Mrs. John McEachin; high school, Mrs. William Gray.

Mothers who desire to serve as room mothers may contact their prospective chairman. Each room from first through sixth grades is to have

four room mothers, one chairman, and three helpers. The chairmen will serve for the entire school year, the others only the first semester. New room mothers will be chosen for the second semester, thus giving more mothers the opportunity to work with the teachers and the PTA. It is hoped that the mothers who have never served in this capacity will volunteer for this service.

First and foremost duty of these room mothers is to cooperate with the PTA and all its activities. Without the active support of parents there can be no active PTA organization.

MRS. DAVIS REPORTS ON ORGANIZATION OF PRACTICAL NURSES

The regular business meeting of the Graduate District Nurses Association was held Tuesday evening at seven o'clock in the home of Mrs. Winnie Saunders.

Mrs. Mary Simpson of Winona, president of the association, welcomed the members and discussed the state convention which is to be held in October.

The program feature was an interesting report on the recent organization of the District Association of Licensed Practical Nurses given by its president, Mrs. Margaret Davis. Mrs. Davis discussed their work and stated that there are now twenty active members in the district which is comprised of Calhoun, Montgomery and Grenada counties. Serving with Mrs. Davis are Mrs. Louise Mitchell, first vice president; Mrs. Ethel Smith, 2nd v.-p.; Miss Lucy DeLoach, secretary; Mrs. Mamie Sue Riley, treasurer. Meetings will be held on the second Thursday of each month.

Acting as recreational leader, Miss Leora Simpson of Grenada conducted an entertaining quiz program, after which refreshments were served by the hostess.

The next meeting of Grenada nurses will be held in the president's home in Winona, October 11.

West Point Defeats Grenada By Score of 27 to 7

(By Hugh Ketchum)

Using a relentless ground attack in the first half the West Point Green

Wave outclassed the Grenada Bulldogs, 27 to 7, Friday night in a Little Ten Conference battle at Proby Field. The Greenies kept control of the ball except for 13 plays during the first half as they methodically pounded out three touchdowns, then played on even terms during the last half as the Bulldogs desperately tried to catch up.

The impotent Bulldog offense, minus the service of Quarterback Jake Gibbs, out with an injury, never presented a problem to the big Green Wave defenders until the waning minutes of the game when Shafer Spence broke away on a 12-yard scoring sortie. That drive was the first time the local boys had registered a first down.

Early in the game West Point marched 60 yards on a sustained drive with Junie Cunningham blasting over from the two. Early in the second period Buck Harmon went over from the four to end a 39-yard drive after William Drummond had recovered a Bulldog fumble. With 35 seconds left to play in the first half Cunningham scored again on a one-yard plunge to climax a 33-yard movement. A fourth-down gamble by the Bulldogs cost them the ball on the 33 to set the stage for that tally. The Greenies scored again in the fourth on a 57-yard drive. Harmon

doing the honors with a four-yard plunge. Harmon also made all three of West Point's extra points. Grenada also counted in the final period when Hayes Branscome returned a kick-off from his 25 to the West Point 41. A pass from Spence to Jim Brasfield moved the ball to the 12 then Spence broke away for the 12 John Criss kicked the point.

This week the Bulldogs journey to Amory for another Little Ten Conference game.

LOCAL HAPPENINGS

Sails For China

Miss Ethel Hoff sailed from New York Saturday, Sept. 17, via London to Singapore for foreign missionary service. She goes under the direction of the China Inland Board of Missions, an interdenominational organization.

She graduated from the Grenada Hospital School of Nursing in 1933. She is also a graduate of Moody Bible Institute of Chicago.

Since leaving Grenada she has taken special courses at LSU and a summer session in Linguistics at the U. of Oklahoma.

In Singapore she will spend her first six months studying the language for her particular assignment.

She has been an active member of the Youth Fellowship Club in New Orleans and has acted as a counselor in two of the Billy Graham campaigns.

P. T. A. RECEPTION

The social function, a reception for the faculty of Grenada Schools, is an outstanding event each year, and was especially staged this year, when on Friday evening about 200 guests gathered at the City Auditorium to welcome the teachers.

The refreshment table was overlaid with a handsome cut work cloth, centered by the large punch bowl which was encircled by ferns and mums. Branched silver candelabra held white tapers and silver compartments held attractive pastel mints.

Dainty sandwiches were served.

During the reception piano selections were played by Misses Sandra and Patricia Paschal. They also played the accompaniment for the vocal group composed of Misses Helen Kimbrough, Mamie Willingham, Sonja Strohm and Floyce Herring. They were directed by Mrs. Vivian Page.

Greeting the guests were: the PTA president, Mrs. W. H. Fedric; v. pres Mrs. C. K. Bailey, Jr.; Secretary, Mrs. T. R. Lamar; and Treasurer, Mrs. Enoc Godbold.

KAPPA ALPHA PLEDGES

Four Millsaps College fraternities pledged ninety boys to membership Saturday, climaxing a week of "rush-

ing". Dr. J. E. McCracken, dean of students, announced today.

Among those pledging Kappa Alpha fraternity was Walter Garner, Jr. of Grenada.

ATTEND BARBECUE

Mr. and Mrs. Burnell Walker attended the Pioneer Southern Bell Telephone barbecue held at the Winona Country Club, Winona, Miss. Saturday, September 24.

To be a member of the Pioneer Club, 21 years of service is required. Mrs. Walker has been with the Southern Bell Telephone Co. 26 years.

Mr. and Mrs. John Bailey, Mrs. Andrew Whitaker and daughters, Shirley and Andrea, were Mrs. Walker's guests.

RELATIVES ATTEND BEDSIDE AND FUNERAL

The following relatives from out of town attended the bedside and later the funeral services for Mrs. J. M. Grantham last week:

A grandson, Sgt. Billy Landcaster of Ft. Jackson, S. C.

A sister in law, Mrs. R. J. Nail and 2 daughters of Oxford.

Messrs. Eugen and Ned Nail of Water Valley and George Nail and family of Memphis.

Mrs. Derrell Webb and baby who have been visiting their mother and grandmother Mrs. Ruby Hayden in Holcomb, have returned to Memphis where Mr. Webb is a medical student at U. of Tennessee Medical School.

PROCLAMATION

Whereas for several years it has been the desire of the Community of Grenada, to induce another fine industry to locate here and thus not only furnish additional employment to our people, but also help balance and stabilize our economy; and,

Whereas, we have been very selective in our search, keeping foremost in our mind the necessity of obtaining the proper type industry, operated by conscientious, fair minded people, if we were to maintain the present exemplary community-industry relationship now existing there; and

Whereas, we finally located such an industry, which we are satisfied will fill all our requirements; and,

Whereas, this fine industry, McQUAY, Inc., decided to join hands with this Community and is now ready to commence its manufacturing operations here; and,

Whereas, we of this community not only deeply appreciate their locating here but are pleased and privileged to have their people among us and a part of this community, and we sincerely welcome this fine industry and its fine people in this

community; now

Therefore, as a salute to McQuay, Inc., and in recognition of what it now means and will mean in the future to our community and this community to it, we hereby proclaim Monday, October 3, 1956, as McQUAY DAY in this entire community and we enjoin all people to enter into this great celebration and thereby express to them our hearty good will and the warmth of our welcome.

BEN G SANDERS,

President, Board of Supervisors

DR. R. A. CLANTON,

Mayor, City of Grenada

MONROE LOONEY,

President, Chamber of Commerce

NOTICE TO TAXPAYERS OF THE CITY OF GRENADA

You are hereby notified that the Personal property assessment roll and the Real property assessment roll of the City of Grenada, Mississippi, for the year 1956, have been equalized according to law and are now on file in the office of the City Recorder in the City Hall, in said City, and are open to public inspection by any interested party. You are further notified that the

Board of Mayor and Councilmen will meet in official session on the night of October 10, 1956, at 7:30 o'clock P. M., at the City Hall in said City for the purpose of hearing objections to said assessments, and will

continue in session from day to day until all objections have been heard and a decision made thereon by said Board.

Witness the signature of the Mayor and City Recorder, this the 20th day

of September, 1956.

R. A. Clanton, Mayor.

B. C. and A. D.

Lesson for October 2, 1955

A MAKE-BELIEVE story can be just as entertaining as a true one, and more so. The tale of Little Red Riding Hood is more interesting than some of the items in this week's paper. Furthermore, a make-believe story can sometimes get a truth across to people just as well as a true story does. For example, from Little Red Riding Hood we may learn not to trust strangers — they may turn out to be wolves in Grandmother's clothing. Many a fable and fairy-tale has fixed in children's minds many a useful truth. Nevertheless, the make-believe story sometimes only conveys falsehood. If I told you that my grandfather was the Most Wanted Man by the police of six states, that he came to his death in a gun battle with the sheriff in which he shot three deputies before they finally got him, it would be a much more interesting tale than the true one, of a simple law-abiding Christian dying in his bed of a very ordinary disease. But it would give a totally wrong impression, it would be a lie for which there would be no excuse.

Dr. Foreman

Jesus and Amida
Now, believe it or not, there are today and there have often been in the past, those who claim that it makes no difference whether the Christian gospels are fact or fairy-tale, no difference whether Jesus was a historical character like Caesar or a made-up one like Cinderella. The Christian church has always resisted such a notion as this. For the gospel story aims to tell us something true about God, something true about man; and if the gospel story is not true, then what it says about man and God is not true either. Compare the Buddhist story of Amida. The story of Amida is very much like the story of Christ; it is the tale of a god, or at least a god-like superior being, who came to live among men a life of service and sacrifice. Songs are sung about him, — "Amida loves me, this I know, for the (Buddhist) Scriptures tell me so." Temples are erected to him. But when you inquire, When and where did this Amida Buddha live? you discover that no one claims he ever lived anywhere. He is a great big official fairy-tale. A temple to him is like a temple to Cinderella's fairy god-mother. Amida was brave, self-sacrificing, loving, godlike — only, he never existed!

World B. C.
For centuries, historians have counted time before and after Christ. All dates are either B. C. — Before Christ, or A. D. — Anno Domini, "in the Year of our Lord." B. C. does not mean Before Civilization or Before Culture or Before Columbus but Before Christ. What makes the world B. C. different from the world A. D. is Christ. The world B. C. was a world in which the "best" people supposed that without slavery you could not have civilization; a world in which a man could be required legally to have only one wife at a time, but in which it would have been thought "ridiculous" to expect him to be faithful to that one wife; a world in which unwanted babies and tragically numerous they were were simply left out of doors to die, unless men in the slavery business cared to pick them up to be sold later on; a world in which social responsibility as we know it was unknown, a world in which men who held government posts were expected to get rich out of them. If you want to see what the world B. C. was like, read Romans 1. Paul had been there. He knew.

World A. D.
Who knew, that first Christmas night, that the birth of that baby to those poor people from Nazareth was the turning point of the history of the world? God knew it; and men have found it out. The world A. D. is so different from the world B. C. that even a stupid man, if he found himself carried back by a time-machine to B. C., would pray to get back to A. D., to a world where life is sacred, where children are welcomed and cared for, where Christian homes are found, where service is a common ideal, a world where there are millions of true Christians. Such real changes in the real world were not made by a make-believe Jesus, only by a real one.

(Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

"KEEP AN EYE ON ALL SMALL FRY"

Last year 4,100 children under 13 years of age were killed in motor vehicle accidents and 215,000 were injured.

The destruction and maiming of children can be stopped—and by so little. All it takes is a pause, a little patience, another look—but above all awareness and caution. These things can be taught like the Three R's, by constant training, by repeating the same lessons over and over again until they are deeply grooved in our minds and "Sound Off" when danger is near.

September means back to school and more children on the streets. September has been set aside for a nationwide action against the menace of child traffic-casualties. The cure of this "Childhood Disease" is varied and complex but the best

way to combat it is an all out attack on all sides by everyone concerned.

The primary aim will be to alert yourself and your drivers to the importance of child safety and to utilize all of your organization's resources in providing a program that is forcible and fruitful. Even though you have only one driver in your organization, there is no reason why you cannot establish a safety program that will be somewhat effective.

It is the individual who contributes to group safety; likewise, the group can contribute to individual safety.

Our children are the future of our lives. Let's cultivate their existence by cultivating the practice of safe and defensive driving.

The above article was brought in by Mr. Lamar Chamberlain, Agent for the Standard Oil Company.

COUNTY AGENTS NOTES

(By C. O. Sennett)

Cotton Harvesting

Pick and gin your cotton for high grade. If needed, defoliate your cotton when the top bolls are 25 to 30 days old, or at the first rest period - a yellowish cast in leaves across the field.

To defoliate, use 25 to 30 pounds of arco defoliant in late afternoon. Apply defoliant with any dusting equipment used in boll weevil control. Pick your seed cotton when dry, and keep it dry until ginned. Too much moisture and field exposure lowers grade and lowers the amount of money you will get for your cotton.

Do not gin wet or dew-damp cotton. You will lose \$15 to \$20 a bale by ginning wet cotton.

Pick your cotton clean and keep it clean. Keep all foreign material, including rocks, nails, matches out of your cotton. These are fire hazards and can cause not only the loss of your cotton, but can result in the destruction of the gin or warehouse.

Do not tramp trashy cotton. If you do, the bits of leaves and grass will become imbedded in the lint and will be impossible to remove. This will lower the value of your cotton and cost you money.

Study prices and market demand for your cotton. Know the grade and staple before selling. Get your Smith-Dixey free class (green card) before selling.

Hogging Off Corn

A good many farmers are going to hog off corn. Here is a bit of advice to those so inclined. If you are going to buy feeder pigs

be sure that they are good thrifty pigs of the right kind. Buy these two to three weeks before the corn is ready. Vaccinate and treat for internal parasites, if needed. Start pigs on feed before putting them in the corn field.

Corn is ready for hogging off just after it passes the roasting ear stage.

Be sure that the hogs know where the drinking water is located before turning them into the corn.

Make a couple of rounds of the field with a disc to knock down some of the corn to give the hogs an idea of what it is all about.

Be sure that hogs have ample shade. Feed a good protein supplement or use a good commercial 40 percent protein supplement.

Don't wait for the "tail-enders", market your hogs when they reach 190 to 200 pounds.

Collect Soil Samples Now

Don't lose money this fall by failure to use proper amounts of lime and fertilizer on temporary and permanent grazing crops. Lime may be needed, and some phosphorus and potash are usually required to get top efficiency from nitrogen applied to cereals such as oats, wheat, rye, barley, and from rye grass alone or in combination with crimson clover.

Now is the time to take soil samples from land which has been fallowed and from other areas which will be seeded this fall.

At the county agent's office are soil sample boxes, information sheets and mailing cartons for your use. Information will be given to you about how to get a good average soil sample. You should hear in about two weeks from soil samples sent to the laboratory now.

Safe Corn Storage

Protect your ear corn from weevils. To do this, you do not have to have an elaborate storage bin. There is an easy and economical way to protect your corn.

Here is how: First prepare the crib by covering large cracks in floors and walls with planks or corrugated paper. Weevil-proofing materials are 20 percent lindane emulsion, cotton seed hulls and water.

Mix one pint of the 20 percent lindane emulsion with one pint of water and two gallons of cotton seed hulls. This will treat 200 bushels of ear corn.

After mixing the lindane emulsion with water, add slowly the cotton seed hulls as the mixture is stirred with a spoon or wooden paddle.

Important. The treated hulls should be applied to the ear corn in layers. Spread a thin layer of hulls on the floor (one quart of hulls will cover 100 square feet). Fill the crib 12 inches deep with ear corn, then add another layer of hulls; continue

to add corn and hulls in alternate layers until the crib is filled.

This treatment is not recommended for corn to be sold on basis of U. S. Grades, or placed in the Loan Program.

Corn treated in this manner is safe to use as a feed and for meal. It is effective for 12-14 months.

this protection.

Caution. Remove the treated corn from crib by hand, allowing treated hulls to sift to the floor. Do not feed treated hulls to livestock.

FOR SALE: 160 acres land 3 miles South of Holcomb, known as the J. D. Vance place. Phone or write A. J. Cole, Webb, Miss. 9-22-29p

Grenada County Farmers Urged To Carry Out Fall Conservation Practices

According to Rex Blue, local Work Unit Conservationist, there are a number of Conservation practices that can be carried out during the next two months that will prove profitable to Grenada County farmers. He stressed the need for more winter cover crops, such as vetch, winter peas, crimson clover, etc. He also pointed out that fall is a good time to start a crop rotation. Grass base rotations consisting of such plants as fescue and white clover, or dallis and white clover can be planted during the fall. Small grain may also be planted and over seeded with lespedeza in the Spring.

Many farmers, said Mr. Blue, are finding it very profitable to apply mineral or bermuda and overseed upland with reseeded Crimson Clover and bottom land Winter Peas. The Crimson Clover should be planted about the first of October. He also encourages farmers to seed small grain and legumes following removal of Sorghum, or corn for silage.

Farmers planning to do ditching, terracing, or other types of work requiring the use of heavy equipment, are encouraged by Mr. Blue to have the work done before rainy weather. Waterways may be shaped and established, to fescue and White Clover. Stubble mulching is another practice that will provide land cover and improve tilth of the soil.

Mr. Blue stated that approximately two million pine seedlings will be available without cost through the District to farmers interested in planting steep or eroded land on their farms. He urges farmers to make application for seedlings now so that plans for planting the seedlings may be made.

Soil Conservation and U. S. Forest Service personnel will be available to assist District co-operators in carrying out the various Conservation practice on their farm. Incentive payments through the ACP will help pay the cost of carrying out most practices, says the Conservationist.

Navy Sets December 10th For Annual NROTC Exams

The tenth annual competitive examination for high school seniors who desire to attend college and train for careers as Naval officers

will be held throughout the nation on December 10, the Navy announced today. Applications for the NROTC are now available, but must be received by November 19, the announcement added.

Successful candidates will start their Naval careers in colleges and universities across the country in 1956, with substantial assistance from the government. After a normal college education, graduates will be commissioned in the Regular Navy or Marine Corps, for active duty with the Fleet throughout the world.

Male citizens of the United States, between the ages of 17 and 21 are eligible to apply for the NROTC aptitude test. Persons who attain a qualifying score will be given the Navy's rigid midshipmen physical examination next February. From the pool of qualified candidates remaining in competition, approximately 1,800 young men will be selected for appointment to the NROTC, and the college of their choice.

Students enrolled in the Regular

NROTC program will spend their summers on training cruises with the Fleet and will receive \$600 annual retainer pay until commissioned. In addition to the normal college curriculum, the midshipmen will study a planned course in Naval Science. All tuition, fees, and books will be furnished by the Navy.

This college training program is also open to enlisted men on active duty in the Navy or Marine Corps. Such candidates will be selected under a separate quota established for the services.

Applications are now available at all high schools, colleges, and U. S. Navy Recruiting Stations, or direct from the Chief of Naval Personnel, Washington, 25, D. C.

Mr. and Mrs. Bill Wright and Mrs. Modie Carpenter were Greenwood visitors recently.

Shell Burt of Texas who has been here on a months visit has returned home.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

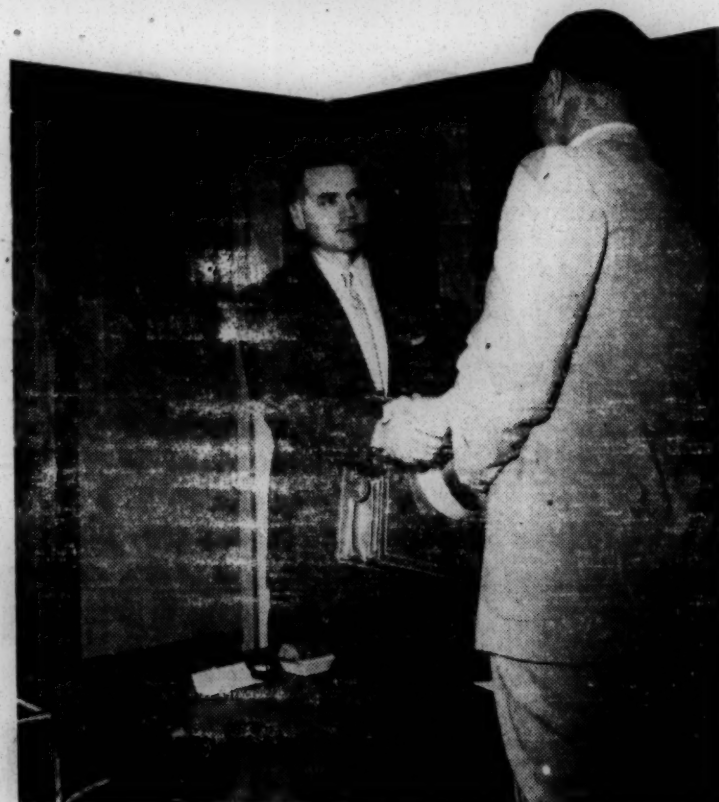

Selling a prospective industry or locating in Mississippi is like any other sales job . . . to the extent that you have to make calls to get results!

That's why members of the staff of Mississippi Power & Light Company's Department of Development are constantly calling on industrial prospects throughout the United States. Since 1950, over 3,000 personal and telephone contacts of this nature have been made.

Presenting the story of Mississippi's advantages as a location for new or expanding industry to the nation's industrial executives is one of the many ways in which this department is working to improve the economic progress of the area served by the company.

These efforts—in cooperation with state, county and local officials and groups—have resulted in the location of over 100 major industries in the company's 46-county territory since 1950. Over 14,000 Mississippians are employed in these new plants, which represent a total investment in our state of \$98,770,000.

Shell Burt of Texas who has been here on a months visit has returned home.

County Agents Notes

(By C. O. Sennett)

Poultry

As the nights are beginning to get cooler, you poultrymen are going to have to think about closing up the laying and broiler houses.

Now is the time to get the houses ready for winter. This means deep litter on the floors and the houses closed up on three sides.

However, right now, while the days are hot and the nights cool, you will have to spend a little more time managing your houses. They should be closed at night, then after the day warms up, opened.

Remember that no matter what the weather is, the birds always need plenty of fresh drinking water and plenty of high quality feed.

Avoid drafts this time of year. It is likely to give your birds a cold. Birds with colds lay fewer eggs and do not grow as fast as do healthy chickens.

Above is shown three of the principal members of the world renowned Mountains of Central Europe and famous Kantolina Family of Bareback Riding Marvels. This family of noted equestrians are a recent importation from high in Pyrennes noted for an afternoon and night performance at the grounds near the fairgrounds in Grenada on Saturday, October 8, 1955.

Corps Of Engineers Need Structural Engineers

Vicksburg, Miss., Sept. 22 - Announcement has been made by Col. M. P. Barschdorf, Assistant Division Engineer of the Lower Mississippi Valley Division, Corps of Engineers, Vicksburg, Miss., that there is urgent need in that office for a number of qualified structural engineers to perform structural design work in connection with flood control and navigation activities in the lower Mississippi River Valley.

The duties to be performed include the calculation and design of foundations and structural features of flood walls, locks, flood gates, control structures, bridges, and similar-type structures, using reinforced concrete, steel, or timber; the development of designs of component parts or specified sections of major projects, such as large multi-purpose concrete dams and major bridges; independent assignments for the preliminary design showing comparative results of dams and spillways at various heights and elevations for economic studies; structural design of bridges, outlet structures, conduits, retaining walls and various types of indeterminate structures; and preparation of the analysis of design covering the work for which the final design was made.

Upon receipt of an inquiry regarding these positions, all necessary application blanks and information concerning the existing vacancies will be supplied by the office of the Division Engineer.

**"McQUAY DAY" TO BE
OBSERVED OCTOBER 3**

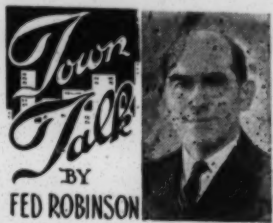

Plans are moving forward for the observance of "McQuay Day" in Grenada Monday, October 3, when the dedication ceremony will be held at the site of the \$1,075,000 building South of Grenada. The McQuay Co. will conduct the program which will run from one o'clock Monday afternoon until nine at night, including an open house and serving of light refreshments.

The dedication ceremony will begin at 2:30 with an unveiling of a cornerstone plaque giving all pertinent data concerning the building and organization of the local industry, followed by the formal dedication program at three o'clock. Blake Thomas, executive vice president of McQuay, will be master of ceremonies and Governor Hugh White will make the principal address. Others on the program will be Ben Sanders, president of the Grenada County Board of Supervisors, who will present the keys to the building to Roy Resch, president of McQuay; the invocation by Rev. Felix Sutphin and Monroe Loney, president of the Chamber of Commerce.

Grenada is expected to go all out to make "McQuay Day" one of the biggest celebrations in the history of the City. Plans are underway for the downtown stores to close from 2 to 4 p. m. and attend the open house in a group. The Chamber of Commerce will have lapel buttons available for the Chamber members to wear. Also, merchants will be asked to welcome the new industry with any appropriate window signs or decorations.

Members of the Board of Directors of McQuay from all over the United States will be on hand for the occasion in addition to state industrial and

political leaders. The McQuay Day is open to all the public. No invitations are being sent locally, however 1500 invitations are being sent to notables throughout Mississippi.

BY
FED ROBINSON

Vacations for 1955 are over and now after a little time in which to rest we will have to settle down to the old grind again. I wanted to send all you nice people a card while I was away the past month and say the usual thing - "Having a wonderful time, wish you were here..." but found it a little difficult, because I was in a hospital and the way I was feeling didn't care to wish the same on any one, and the place was crowded so you couldn't have had a reservation anyway.

I haven't spent too much time in hospitals, no more than my equal share I guess and certainly must not complain about. But after you've spent a time in a hospital, you usually swear that after you are well you will make it a regular practice to visit lonely people in hospitals more often in the future. Then, too, one learns how to visit in hospitals after you have been a patient there. Don't sit down for the evening, just

breeze in with a big smile and say "you ought to be out of here in a day or two - you are doing fine they tell me, so take it easy as you pass through this little narrow place on the road, because just around the corner yonder you are coming to the wide places again" ... just say that and leave at once. If you pull up a chair and stay too long you might interfere with the patient's schedule set up by the hospital people and besides the patient may have just deposited a dime in the radio that plays from under the pillow and he requires quiet if he is to hear it. The little radio was a wonderful help to me. Along about 11 p. m. when counting sheep or counting blessings didn't help. I could tune in far away places for songs and music and know that some where people were alive and healthy and enjoying themselves and such things gives you hope and courage to hold on through the long night.

Just heard Judy Garland sing a song entitled "The world is always spring to the young" and personally I don't begrudge it to the young people because all for us oldsters had our youth too and if the young people are doing more with their lives for the good of the world than some of us did, we ought to be glad for them. Personally I'm grateful to have lived through all the seasons of life - Spring, Summer, Fall and now Winter, and that is a privilege (can't on back page, this section)

LAMAR CHAMBERLAIN, Agent

1. We'd like to show you some of the things that make the Ford one of America's finest cars... though it's one of the lowest-priced. Let's start with these long, low lines. Looks like it hates to stand still, doesn't it?

Let's take
a walk around
the NEW '56 FORD!

It's the fine car at half the fine car price!

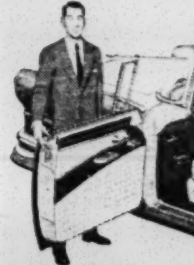

4. The new 202-h.p. Thunderbird Y-8 will give you a new lease on driving enjoyment. It's available in Fordomatic Fairlane and Station Wagon models. You can have the "GO"-packed 176-h.p. Y-8 in Fordomatic Mainline and Customline models, or Ford's new 137-h.p. Six is available in any model.

5. Note the deep-center design of this new Lifeguard steering wheel. The wheel rim is over three inches above the post to help cushion the driver in case of an accident. It's a feature of new Lifeguard Design which Ford spent over two years developing... to give you added protection in case of an accident.

2. Here, on your left, is the inspiration for the styling of the '56 Ford—the famous Ford Thunderbird. Look at those broad, flat hoods, for example. Here is styling that will stay in style.

3. Here's what you ride on. This frame has five cross-members including a special K-bar member up front. It can really take it! By the way, the control arms of Ford's Ball-Joint Front Suspension are angle-mounted to cushion out the head-on as well as the up-down shock of bumps.

6. This Lifeguard cushioning for instrument panel and sun visors is optional. It gives you extra protection when thrown forward in an accident. You may also have optional seat belts to help keep occupants securely in seats.

7. Here's Ford's new Lifeguard door latch. It is another member of Ford's new Lifeguard family. A double-grip locking engagement reduces the chance of doors springing open under unusual strain of impact. Chances of serious injury in accidents are less when passengers remain in the car.

Well, that covers the important points. But there's a lot more. So we'd like to invite you to come in and see the new '56 Ford for yourself. Then you'll see the colorful new exteriors and interiors, the quality workmanship that is evident everywhere. Then you'll learn the full story. When you do, you'll know that Ford is the fine car at half the fine car price.

TOWN TALK

(don't from front page, this section) and a blessing not given to everyone.

The GCW gives us much news about Grenada people and the good times you are having down there. It is good to see Tom King's picture in the winning column and now Jack Shipp who will assist him. Jack gave me a break once upon a time when I couldn't find my drivers license. But to make it up to him I found it and took to his home to prove that he favored an honest man and am sure Tom and Jack will take good care of things the next four years.

We have a fellow over here in our town who decided he wanted to keep his grocery store open on Sundays. He has been arrested each Sunday for about a month and pays a big cash fine each time, because his action is against the laws of man. Well, I feel a little sorry for him because he hasn't learned more about the laws of our Creator and that he doesn't seem to know that no man can buck the rules of Mount Sinai and profit from it. By simple reasoning any man is a fool to try to stretch the week into seven days for business purposes when we all know we can make more money in any business in six days than we can in seven. 350 grocerymen of our town say that if one man can get away

with staying open on Sunday they all are going to do it. That means over a thousand people will lose their Sunday privileges if our little law doesn't hold.

Special good wishes to Mr. Whyte Whitaker for his complete recovery and to Mrs. Whitaker and Andrew for the splendid job they are doing with the paper, and for their interest in me during my recent bout with that little bird-shot size kidney stone. Greetings to all the nice people who read the Grenada County Weekly around the world, and may they have the blessing of good health and may they never neglect to say

prayers of gratitude for it. —Fed. Ed. Note: We are certainly glad to have Fed "back with us", and doubly glad that he has recovered.
